

Open Your Business while Improving the Safety of Customers and Employees

Protect and assure customers and employees with the Samsung and CAN-AM contactless temperature screening kiosk and digital signage bundle. The commercial-quality Samsung UHD digital display can be easily configured to inform customers that you're open and ready for business, with appropriate safeguards in place. You can direct them to the CAN-AM temperature screening kiosk, where they'll be screened in just seconds, allowing you to reopen your business responsibly.

Key Features

- 
Fast, Accurate Touch-free Temperature Reading
 The temperature screening kiosk makes real-time temperature screening easy, fully automated, and polite. Screen up to 2400 people per hour with audible alarm, optional email and SMS notification. It's ideal for use in corporate offices, healthcare facilities, schools, sports venues, hotels, retail stores and restaurants.
- 
Live Facial Recognition
 The kiosk comes with the ability to scan for employee facial recognition. It can even process face-with-mask recognition, which is ideal for essential healthcare workers or employees wearing face masks.
- 
High Traffic Screening and Long Distance
 It takes only 50 milliseconds to get the temperature reading at 0.4 F accuracy, supports up to 4 feet distance, allowing ADA compliant deployment / wheelchair.
- 
Communicate Peace of Mind and Clear Instructions
 The UHD Samsung display includes an embedded media player and MagicINFO software, to make it easy to display your message with instructional information, all in your branding.
- 
Integrates With Turnstiles, Gates and Entry Points
 You can maintain security over entrances by integrating with peripherals such as ID card readers and fingerprint readers (additional integration is required).
- 
Flexible Configurations
 Solution is available in freestanding and countertop configurations.
